Annual Chapman Trophy Race To Be Held Here On Sunday

Observations...

By the Editor

We were taken to task by one of our business people a couple of weeks ago for having published on the front page of our paper, the Gulfport Dollar Day. We are happy to have received this criticism, for it affords us an opportunity to again bring to the attention of many of our business people that we are still asleep at the switch. We are passing up many opportunities to bring business to Bay St. Louis. We have allowed the thriving little city to the North of us, Piquette, to take over practically all of the trade of our rural section, which rightfully should come to Bay St. Louis; and now Gulfport merchants have awakened to the possibilities which Hancock County affords and they are making their bid for the business. Where does the fault lie... with us... it is time for the business people of this community to realize that petty jealousies and the thought that your competitor may benefit or realize a profit from your suggestions or the interest you may display in civic matters should be cast aside, and all should join together in a common purpose to bring business to Bay St. Louis. You may not benefit directly; but eventually the dollars will make their rounds and you, too, will receive your share. It is possible, my dear friends, if you will make up your minds to make it so, and then your editor will not have to publicize what the merchants of other cities, who are thoroughly organized, in a live, wide-awake Chamber of Commerce are doing to bring business to their communities.

We wish to join with the many friends of Mr. and Mrs. Harry Glover in extending to them our good wishes upon the celebration of their golden wedding anniversary last Sunday, September 2. May their happiness go on and on in the coming years as it has in the past 50.

Don't overlook the bazaar which will be given on the lawn at the Horton home for the benefit of the Bay High Band. The proceeds are to be used to defray the expenses of the band to accompany the football team on their away-from-home games. This is a worthwhile cause, and it will help build school spirit. The place - the Horton lawn on North Beach. The time - 6 p.m., Saturday, September 8.

We want to extend our congratulations to our young friend, Hardin Shattuck, manager of the Coast Electric Power Association, upon his election as vice president of the Mississippi Rural Electric Association. The Coast Electric is one of the outstanding REA Co-ops in the country, and we are happy that Hardin Shattuck has received some recognition for the splendid job he is doing for the people of Hancock, Pearl River and Harrison Counties in this field.

Kappa Alpha Members Entertained Monday

Approximately 300 members of Kappa Alpha and their friends were entertained at a barbecue at Darwood-on-the-Jourdan by Dr. Emmett L. Irwin, Monday, September 3.

The members of this Academic College Fraternity are delegates to the National Convention now in session at Edgewater Gulf Hotel, Biloxi. They are representatives of 75 universities throughout the country.

At the convention Wednesday, Robert A. Robinson of New Orleans presented the fraternity with an oil painting of Dr. Irwin, former Knight Commander who served from 1934 to 1940.

The program at the barbecue consisted of musical selections on the piano by Layne Johnson of Statesboro, Georgia, and Eugene Dunwoody of Macon, Georgia.

Mrs. Henry Bennett Dunwoody of Macon and Floyd Hicks of Hartsfield, South Carolina, sang several numbers.

Guest speakers among the fraternity members were Lee Gandy of Gulfport; Howard Locke, Washington, D. C.; Elliott Dunwoody, Knight Commander, Macon; Major General Steven G. Henry, Baton Rouge; Dr. W. S. Hamilton, Louisville, Kentucky; and Ransom Bassett, National Executive Secretary, Louisville.

The Chapman Trophy Race, which will also carry with it the title of Champion of Mississippi Yachting Association, will be held at the Bay-Waveland Yacht Club Sunday, September 9, at 3 o'clock.

The Coast Yacht Clubs will compete for this trophy. At the present writing, Biloxi, the defending Club, has a large lead over Gulfport Yacht Club, Pass Christian Yacht Club and Bay-Waveland Yacht Club. A series of four races are held each year, under the auspices of the Mississippi Yachting Association. The last race will be Sunday afternoon.

The Mother and Daughter race, which had already been scheduled on two different occasions, is tentatively scheduled to be held this Saturday afternoon.

LWV TO OPEN FINANCE DRIVE

The League of Women Voters wishes to correct a statement made last week to the effect that a general meeting of the group had been held. This was an error as the League held its regular monthly board meeting Monday, August 20; and a general meeting will not be held until after the state convention in September at which time every member of the organization will receive a notice.

The second primary election occupied much of the League members' time. Representatives of the organization were again on hand at all the polls to hand out the slips which reminded the voter of the importance of blotting the ballot, etc.

Miss Mary McDonald Kittrell and Mrs. Walter Rausch were heard over station WRJW, Piquette, election morning. They spoke on the obligation that rests on the citizen to vote in all elections.

Mrs. Paul Miller, president of the local League of Women Voters, feels that it is not too soon for members to begin thinking and planning for the State conference which will be held in Bay St. Louis September 27-28. Delegates from all over the state will be here to attend the meeting and the dinner on the night of September 27.

The League's Finance Drive will open September 15; it is hoped that the drive will reach its goal in a limited period.

The following is the League's broadcast schedule: try to tune in as the programs will be of interest to you:

WLOX, Biloxi—10:10, first Friday of each month;

WGCM, Gulfport—11:15, third Tuesday of each month;

WRJW, Piquette—11:15 fourth Tuesday of each month.

"The Gathering Storm," three act psychological drama from the novel "Envy My Sympathy," by Reynier Barton, is now in rehearsal at the Bay St. Louis Little Theatre.

This gripping play, dramatized by Gordon Glennon, is under the direction of Walker Spangenberg, who recently made such a hit in the play, "Abie's Irish Rose," which he assisted in directing.

The play, which is comparatively new in theatre circles, was first produced in London in 1948; most critics and audiences have agreed that it is one of the best psychological dramas ever produced. It has just been released for Little Theatre production.

Bay St. Louis theatregoers will be given an opportunity to see this study of the characters and actions of two brothers Thursday, Friday and Saturday, September 20, 21 and 22, at the playhouse on Boardman avenue.

This is the first play of this type to be staged at the local Theatre this season and it promises thrilling entertainment for all.

A fracture bed and equipment was recently donated.

A new emergency room has been opened, which can be entered at the rear of the hospital, giving privacy and convenience to patients. —Circle Saturday, September 8, on your calendar and make plans to attend the GRAND BAZAAR to be given on the Horton lawn on South Beach for the benefit of the Bay High Band. This is for a worthy cause and your attendance and help will be appreciated.

The Hancock County Department has arranged, with representatives from the United States Public Health Service for a doctor of dentistry and two dental hygienists to come to Hancock County for six weeks, where they will clean and treat, with sodium fluoride the teeth of about one thousand school children. The clinic will be located in the Bay Saint Louis High School.

This program is county-wide and arrangements have been made with the county superintendent of education to have the children from the rural schools brought to the clinic in school-buses. This dental work will be confined to the children of the grammar grades.

The purpose of the program is to prevent decay rather than fill cavities already present. We have overwhelming evidence that this program will prevent fifty per cent of the cavities that would normally occur in teeth not treated by this preventive measure. This treatment is not painful. It is a large undertaking and many school children will visit the clinic. The county Health Officials are hopeful that the parents, with the school authorities, will give them complete cooperation in the program which will mean so much for the school children in this county. The Public Health Dental Unit to come to Bay St. Louis September 10 and will begin work Sept. 12.

TIME TO THINK

Gromyko, the Russian Deputy Foreign Minister, is at the San Francisco Peace Conference with the usual Russian tactics, trying to throw monkey wrenches wherever possible. He has received a pretty good dressing down in this instance and from all outward appearances it seems that the Japanese peace treaty will be signed as scheduled.

The characteristics of the Russians in world affairs is to dominate or destroy, and they are thoroughly schooled in the art of sewing the seed of destruction. This seed is making its way around the world, and it is becoming more apparent in our every day life here in a country where apparently everyone should be overjoyed at the very thought of having the opportunity of being born an American; where real freedom has existed and where we have been afforded the opportunity of exercising our initiative in enterprises of our own choosing. Today we are finding ourselves coursing a slow trail established by a majority group which may eventually lead us to a totalitarian state.

May God forbid the arrival of such an epoch in the history of our country, but it is not impossible. There are many Gromykos in our very midst, not by expression of words or example, but by action. Those who sit idly by and are fearful of expressing themselves in public matters which affect the welfare of their Country, County and City because of the dread of political reprisal, loss of a little business or any other pitiful reason they offer, can nearly be placed in the same position as the Gromykos and their like.

You have heard it said many times, "I cannot afford to express myself on such matters." Expressions of this type make a real American shudder. Anyone who has the interest of his County and community at heart does not fear these imaginary losses or threats, and if he does he is one who may unintentionally be lending aid to the greatest enemy in our midst, Communism.

The time has arrived when courage must be displayed if we are to overcome many of the obstacles confronting us. The condoning of every official act, because of fear, is not the method; and it is time for leaders to come to the front and work for what is best for their community, their country and their country. The only way to accomplish this purpose is for these leaders to become convinced that active participation in civic matters is not politics.

Yacht Club News

By: Mrs. F. J. Trastour

This past weekend proved to be quite an active one at the Yacht Club. The dinner dance held Saturday night, with Johnny Detroit's Orchestra, was quite a drawing card, with approximately 225 members and their guests enjoying the occasion.

Sunday afternoon the Club was a beehive of activity, with participants of the speed boat races and their friends present. Quite a few races were held, but unfortunately, it was impossible to hold all of them because of the sudden squall.

Sunday night the Women's Auxiliary had a Crab and Shrimp Boil which was not too well attended because of the inclement weather; however, those who were fortunate enough to be present found the crabs and shrimp seasoned to perfection.

Labor Day saw the holding of two fish class races, among Junior and Class "A" Skippers, with the following results:

Class "A" Skippers: E. Heath Jr., Penny Cole, John Worrel and D. McCulloch.

Junior Skippers: Claude Kohler, Larry Scharff, Harry Chapman and John Radford - fouled out.

Saturday afternoon only one race was held, a Junior Skipper Race, with the following results: Jimmy Curran was first; David Treutel, second; John D. Radford came in third and Howard McCurdy, fourth.

Cliff Prados telephoned from Toledo, Ohio, to tell club members that he was sorry that they had come in twenty-second in a field of 36 boats. However, Cliff was honored at the International meeting by being elected vice-president of the National Lightning Organization, as a representative from Bay-Waveland Yacht Club. We feel that this is indeed an honor and we wish to take this opportunity of congratulating Cliff.

We are sorry that we made an error in saying, in one of our papers, that Horace Thompson had over for the holidays.

Mr. and Mrs. Alfred Ackert of New Orleans spent the weekend with Mrs. Ackert's brother and sister-in-law, Mr. and Mrs. C. N. Burgdorf.

Mr. and Mrs. Lionel Gertsner and son, Lionel Jr., spent the Labor Day holidays at Gertsner Villa.

Now that the summer vacation is over, Mr. and Mrs. Fred Gertsner have returned to their home in New Orleans. They will spend weekends at their Villa on the Harbor here.

Mrs. Augustin spent a few days in New Orleans.

IN THE SEA COAST ECHO

TWENTY - FIVE YEARS AGO

A would-be robber received a shot gun blast in his neck when he invaded the premises of Reginald Blaize on the night of the storm this week. It was only through the fact that he was hit with this bird shot that the burglar's head was not blown off. Mr. Blaize did not retire at the same time his family did because of his interest in the radio weather bulletins regarding the storm. He heard a noise that aroused his suspicions and upon investigating found a man entering Mrs. Blaize's room. He called to his son, Reginald Jr., and told him to get his gun. Reggie returned to the room with the gun and fired at the intruder.

The intruder did not fall, but it was plain that he was hit. A close search by Police Chief Albert Jones unearthed the notorious character as he was about to receive medical treatment for his wounds.

Mr. and Mrs. H. D. Farr and family have returned to their home in New Orleans after spending their summer vacation at their Bay home on Union street. The Farris are interested in the coast and have spent the last several summers here.

Mr. Forster Commagere, the famous coach of St. Stanislaus, has returned from an extended trip north and east, and is preparing to put his "Rock-A-Chaw" athletes through their paces as soon as school opens.

TEN YEARS AGO

Labor Day, intended as a tribute to the laboring people of America, has seemingly turned into a day of jollification and general frolic, with no thought of the day for which it was originated by Congress.

A national holiday, in most parts of the country it has been turned into a day of reckless traveling by auto, picnics, swimming and outdoor sports with little or no regard to safety.

The weekend is one of tragedy, resulting in sorrow and darkening homes where previously sunshine and happiness reigned. Labor Day, in the sense it was intended, is a splendid gesture, but not one for riotous pleasure seeking.

It has well been said we are the most wasteful nation in the world. Jerry Dickson motored from New Orleans for the Labor Day weekend holidays. He visited at the home of his parents, Mr. and Mrs. Laurent Dickson.
